

BENTANA WOODS WEST CLUSTER ASSOCIATION (BWWCA)
APPLICATION TO PLANT ON COMMON PROPERTY

Name _____ Phone _____
Address _____

UNDERSTANDING AND AGREEMENT

In applying to plant on common property, I understand and agree to the following:

1. Any plant material purchased with my own money and planted by me on BWWCA common ground will become the property of the cluster. I am, in effect, donating this plant material and my labor to the cluster.
2. My property boundary will always remain what is designated on the official Fairfax County plat for my address and I will never attempt to indicate otherwise.
3. The BWWCA Board of Directors maintains ultimate control over all BWWCA common areas including any area where permission has been granted to an individual to plant on a designated piece of ground. This means that piece of ground could be designated for another use in the future by the BWWCA Board.
4. I will plant only after I receive approval to do so by the Board.

DESCRIPTION

In the space below and on the back, describe what it is you wish permission to do.

If you wish permission to plant a specific area of common ground, indicate:

1. The size of this area.
2. Where this area is located in relation to landmarks such as the path, houses, etc.
3. What you hope to accomplish in this area such as add winter interest through evergreens, help stop erosion by planting buffer zones, introduce plants native to Virginia, replace undesirable plants (poison ivy, bramble bushes) with more desirable specimens, etc.
4. Provide a list of plants you would choose from in planting this specific area.

Please give one copy of this completed form to the Chairman of the Landscaping Committee and one copy to the President of the Board. Names and addresses of these officials can be found on our community's website: <http://www.bwwca.org> Plant material will be evaluated by Committee and Board members on: (1) invasive qualities (2) ability to tolerate neglect if applicant moves (3) appropriateness to the site.
